A prayer used at one of our July services

Teach us Lord

To conquer anger with gentleness.

To subdue greed with generosity.

To overcome apathy with fervour.

To forget ourselves and reach out to others.

To be courageous in risk taking.

To be patient in suffering.

And attentive in prayer. Amen

Pope Clements XI 1649-1721

Our Church Family

Our thoughts and prayers are with Mary, at present staying close to her daughter in Shropshire. We pray her health will continue to improve enabling her to return home and be with us again soon. We pray also for Beryl that she will get some relief from her health problems so it will be possible for her to return to the church she has supported for so long. For Frances, recovering from her knee operation but determined to keep in touch and support the church, providing us with a lovely snack lunch. For Daphne, gradually recovering and being with us as often as possible as her health improves. We pray Lord that your healing hand and loving care be with them all.

Thanks to our church members, especially those recently joining us, for helping cover the duties required, keeping our church running smoothly and efficiently.

We thank Sydney Samuel and his family for recently providing a Saturday evening BBQ so that members of our church and those from the churches in Walton and Weybridge could enjoy a meal and have fellowship together.
